Dear Mr. Perruzza, Mr. Matthews and Mr. Zuccon:

I am writing in response to the letters from the Consulting Engineers Ontario dated November 20 and December 13, 2018 and letters from the Ontario Society of Professional Engineers, dated November 22 and December 12, 2018, expressing concern about PEO's activities.

Engineers are vital to ensuring the economic growth and safety of the province and your organizations each play a key role in this regard. It is critically important that you continue to work collaboratively to strengthen the profession. I strongly encourage you to work together to develop a consensus plan to resolve current and ongoing concerns about PEO's activities and governance before any further actions are taken by PEO.

I am confident that you will develop an approach that clearly delineates your mandates and roles in a manner that achieves the objectives of the *Professional Engineers Act* and strengthens the profession.

Sincerely,

A handwritten signature in cursive script that reads "Caroline Mulroney".
