

HAMILTON-HALTON ENGINEERING WEEK COMMITTEE

PROJECT OF THE YEAR
CALL FOR APPLICATIONS

The Hamilton-Halton Engineering Week Committee, in association with the Ontario Society of Professional Engineers (OSPE), is pleased to issue a Call for Applications for the 2019 Hamilton-Halton Project of the Year.

The Hamilton-Halton Engineering Week Committee annually selects up to three projects to receive the Hamilton-Halton Project of the Year Award. The award recognises the contribution of engineering to the community by any firm, municipality/region, or government agency that has undertaken or completed an outstanding project within the past year. Projects of all types (engineering disciplines) and size (scale and budget) will be considered equally. Awards will be issued to engineering-related projects within up to three of the following categories: public sector, private sector, large projects, or small projects.

The applications will be judged based on a given project's merits of engineering uniqueness and complexity, contribution or significance to the profession, and/or community and historical significance. All applications will be considered, however, preference will be given to those projects located in the Hamilton and Halton Regions.

The awards are presented each year at the Hamilton-Halton Engineering Week Awards Gala. This year the Awards Gala will be held on March 2, 2019.

For each selected Project of the Year, award plaques will be presented to the owner, firm, municipality/region, or government agency, and the Professional Engineer(s) responsible for the engineering work. Representative(s) from each winning Project of the Year will be asked to make a brief presentation [5 minutes] on the project at the Gala.

The Hamilton-Halton Project of the Year winners will also be announced in the Ontario Society of Professional Engineers' publications, complete with a profile of the project(s) and firm(s). These digital and print publications reach the OSPE membership of over 10,000 engineers across the province.

Applications should be submitted in writing using the attached application form to:

Attn: Frank Lasowski
Milton Hydro
8069 Lawson Road
Milton, ON L9T 5C4

Or by email to: flasowski@miltonhydro.com

The deadline for applications is November 30, 2018.

PROJECT OF THE YEAR
APPLICATION FORM

APPLICANT INFORMATION

Firm: _____

Address: _____

City: _____ Postal Code: _____

Contact Person: _____ Phone: _____

Owner: _____

Contact Person: _____ Phone: _____

Municipality/Region (if applicable): _____

Contact Person: _____ Phone: _____

Government Agency (if applicable): _____

Contact Person: _____ Phone: _____

PROJECT INFORMATION

Project Name: _____

Project Location (Town/City/Region): _____

Project Sector: Public _____ Private _____

Engineering Discipline: _____

Project Budget: Less than \$1,000,000 _____

\$1,000,000 to \$10,000,000 _____

Greater than \$10,000,000 _____

Please provide a summary of the project providing the following information:

Overview of project

Scope of engineering work, including specific challenges and solutions

Significance of the project to society, both locally and globally

Historical or social significance of the project

The project summary should be a maximum of 6 single-sided pages.
